VOL. VI. NO. 187 — FRESNO, CALIFORNIA, TUESDAY, MAY 16, 1893 — PRICE—5 CENTS

CONSTITUTIONAL

So Says the U. S. Supreme Court

OF THE GEARY ACT

An Effort to Be Made to Defer Action.

A NEW HEARING ASKED FOR

The President and His Cabinet Have a Short Session to Determine on What Course to Pursue—What the Deportation Will Cost—Some Interesting Press Opinions on the Subject.

WASHINGTON, May 15.—The supreme court today, through Justice Gray, sustained the decision of the New York courts in favor of the constitutionality of the Geary Chinese exclusion act. Justice Brewer dissented.

The announcement of the decision in the case, as was expected, attracted a large attendance of spectators and attorneys, including Attorney General Olney, Solicitor Aldrich, Senators Pugh, Dolph and Cochran.

Justice Gray, in announcing the decision of the court, said the power of this nation to restrict or prevent the immigration of aliens into this country, or require such aliens already in the country to remove therefrom, is a well settled principal of international law, confirmed by an unbroken line of decisions in this court.

The legislative power of the government has not transcended any of its constitutional limitations in the act under consideration. It was within its power to

DETERMINE THE REGULATIONS

under which these aliens be permitted to remain in the United States, or, failing to observe these regulations, be required to leave the country. The provisions of section 6 of the act, which are part of the law particularly at issue, are not inconsistent with the relations and duties of the legislative and judicial departments of the government. The mode of procedure under the section is similar to other well established proceedings, such as habeas corpus naturalization, fixing the requirements of citizenship and the like in which the judicial branch of the government has accepted the determination of the executive upon questions involved. As to the requirements of Chinese entitled to remain in this country they should establish their right by the evidence of credible white witnesses. Justice Gray said it was within the power of the legislature to determine the

CHARACTER OF THE EVIDENCE

that might be received in the case at law, and what force should be given to testimony so offered. Not discussing the wisdom nor justice of the act in question, which was beyond the province of the judicial bench of the government, it remains only to say that the judgment of the circuit court of the southern district of New York in refusing to grant the writ of habeas corpus to petitioners, is affirmed.

The Judge said the opinion in writing would be filed as soon as possible.

DISSENTING JUSTICES.

At the conclusion of Justice Gray's opinion Justice Brewer announced that he was compelled to dissent from the view of the majority of the court. He read his views at some length, declaring in substance the act of 1892 unconstitutional; that if upheld there was no guarantee that similar treatment might not be accorded other classes of our population.

Justice Field, who delivered the opinion of the supreme court in the first case under the exclusion act, also read a dissenting opinion. He held that there was a wide difference between exclusion, immigration and deportation of alien residents, and characterized the act in the strongest language as inhuman, brutal and violative of the constitution in every section. He regretted to say the decision of the court, to his mind, was fraught with the gravest dangers to constitutional liberty.

In his dissenting opinion Chief Justice Fuller denied the soundness of the proposition. The cases before the court were such as a political department of the government alone could deal with. It was, in his view, a judicial question, and however reluctant the court may be to pass upon the constitutionality of legislative acts, it was the very essence of judicial duty to do so when a discharge of that duty was properly imposed upon it.

He entertained no doubt that the provisions of the fifth and fourteenth amendments were universal in their application, and while the general government was invested, as far as foreign countries are concerned, with all the powers necessary to the maintenance of its absolute independence and security, it could not, in virtue of a supposed inherent sovereignty, absolutely deal with persons lawfully and peacefully within its domain.

The act before the court was not an act to abrogate or repeal the treaty, nor to expel Chinamen lawfully here, and no such intent could be imputed to congress.

Its object was to prescribe a method of registration, and deportation as a means of punishment, which was in his opinion an unusual punishment and not authorized by the constitution.

NEW HEARING WANTED.

After the court had concluded the announcement of the opinions Ashton, of counsel for the Chinese, moved for a rehearing and argument before a full bench at the next term.

At present the court stands five to three in support of the law, Justice Harlan being absent.

The court took the motion under advisement, the effect of which is to postpone proceedings under the judgment announced today.

NO ORDERS ISSUED.

No orders have been issued at the treasury department at the close of business today as to deporting Chinese under the Geary act.

The instructions under which collectors of internal revenue and United States marshals are now operating direct them to make no arrests of unregistered Chinamen until further orders. These orders may be given tomorrow after a cabinet meeting or deferred for a longer period.

THEY CONFER.

Secretary Carlisle, soon after he heard of the decision of the supreme court, went to the executive mansion and had a conference with the President on the subject. He remained for an hour or more.

Attorney General Olney said until a line of action to be pursued by our government was mapped out he could say nothing on the subject except that the department of justice had no money available for deporting Chinese.

A conservative estimate places the amount necessary to deport the unregistered Chinese at $6,000,000, with only $16,806 available for the purpose.

DIFFICULTIES EXIST.

Intimations are heard that congress may be convened to consider the matter.

A suggestion is made in official circles here that the Chinese now unregistered may go to the courts and ask to be permitted to register and remain in the country.

In any view of the case, treasury officials expect to experience great difficulty in carrying out the mandate of the law that the Chinese must go.

At the Chinese legation the Chinese minister courteously declined to express any opinion upon the decision of the courts, or give any intimation as to the course his government might deem proper to adopt under the circumstances.

He especially declined to say anything upon the alleged retaliatory policy of ordering the expulsion of Americans from China.

Mr. May, counsellor to the Chinese legation, said the contest against the law would doubtless be transferred to congress when it meets in the fall. Under the present conditions it would be impossible for officials to execute the law literally because there is practically no money with which to carry its provisions into effect, and he did not think congress would appropriate the great sum needed. It was an unfortunate and deplorable condition of affairs, he said, which threatened the existence of the peaceful and peaceable relations of China and the United States, and left hundreds of natives in each country in the territory of the other, practically hostages for each other.

A PRESS COMMENT.

ST. LOUIS, May 15.—The Globe-Democrat will in the morning say editorially of the decision in the Geary exclusion law:

"The case is finally settled and China must abide the consequences. It is probable she will adopt a policy of retaliation and expel all Americans from her territory. There will probably be a mutual withdrawal of diplomatic representatives and a practical suspension of commercial intercourse. It is feared by some that war may also ensue and news from that quarter will therefore be awaited with considerable interest. There is material in the case for serious trouble should the emperor of China decide to take the risk. It remains to be seen what course he will choose to take."

ALONG THE COAST.

How the Cheering Intelligence Was Received.

SAN FRANCISCO, May 15.—News that the supreme court had sustained the decision of the New York courts, favoring the constitutionality of the Chinese exclusion act, reached here shortly after 11 a.m. and immediately reached Chinatown, where it created great excitement among the celestials, who gathered in groups about the bulletin boards and jabbered in a most exciting manner.

CLING QUANG.

Cling Quang, Chinese vice consul, was seen by a representative of the Associated Press, to whom he said: "You are the first to bring me the bad news. I have little to say as to how the final decision of the supreme court will be taken by the Chinese in the United States. I don't think the provisions of the law can be carried out right away, as this would necessitate a great expense for which no appropriation has been made. It will be a great blow to business in Chinatown. As to what the Chinese government may do in the matter cannot be conjectured. The treaty between China and the United States has been broken by the government at Washington, and it is no longer a contract. The treaty will not have any effect upon the Chinese government in what they see fit to do regarding Americans in China."

LYMAN MOWRY.

Lyman Mowry, attorney for the Chinese Six Companies here, predicted that the Geary law would be found constitutional; that while he is not employed to fight the case in Washington, he thinks the law is outrageously unjust. It will cost $10,000,000 to deport the Chinese, and he thinks no immediate action will be taken. He is of the opinion that the President will probably defer acting on the matter until congress convenes, when the law will doubtless be repealed.

NO EXCITEMENT.

The news of the decision in the Geary law created no excitement here outside of Chinatown.

The afternoon papers made large sales on an extra edition.

Dr. C. C. O'Donnell and Dennis Kearney took occasion to mount a wagon near the stock exchange at the noon hour.

Kearney said that at last the sand lot was on top, after fifteen years of ridicule, and that the Chinese must go. He spoke to small crowds, and no enthusiasm prevailed.

SANTA ROSA CELEBRATES.

SANTA ROSA, May 15.—The citizens of Santa Rosa are holding a celebration tonight in honor of the supreme court's decision sustaining the constitutionality of the Geary Chinese law.

Huge bonfires are blazing in the streets, fire works illuminate the heavens and cannons are being fired.

GEARY TALKS.

Congressman Geary, whose home is in Santa Rosa, was interviewed by an Associated Press reporter and said that he did not think that it will cost a very great sum of money to enforce the law, and it would be unreasonable to think the government would have to be deterred from executing the law because expenses would be incurred in so doing.

He said that owing to the time required in deciding each individual case, and a belief that Chinamen can be deported for about $16 per head, $50,000 left in the treasury for that purpose will be sufficient to meet the expenses until congress meets.

He also stated that in his opinion where the Chinese saw the government meant to enforce the law they would voluntarily leave for Cuba, Brazil and other countries rather than remain here and incur the risk and trouble of being sent back to China.

He thinks that highbinders and other criminals will be the first to be tried under the act.

The congressman said that the Chinese have nobody to blame but themselves for not complying with the law, and that any hardships resulting is a just penalty for violating it.

THEY CELEBRATE.

A mass meeting was held here tonight to celebrate the delivery of the Chinese decision. It was addressed by the anti-Chinese agitators, Dr. O'Donnell and Dennis Kearney, but was not very enthusiastic. It was decided to hold a formal procession Saturday night.

Held For Murder.

SAN FRANCISCO, May 15.—Mrs. Louise Worthington was today held to answer for the murder of her lover, Henry Baddeley. William Worthington, her husband, was discharged. The letter from Mrs. Worthington to Baddeley, in which she said her husband had compelled her to promise to kill him, was read, but was not admitted as evidence against Worthington on the ground that a wife cannot be obliged to testify against her husband.

TELEGRAPHIC BREVITIES.

Five hundred National Editorial Association delegates are enjoying the World's Fair.

Diablo won the $25,000 Brooklyn handicap race yesterday. There were fifteen starters and it cost $500 to go.

California press representatives have reached Chicago, and yesterday afternoon took in a few of the World's Fair sights.

SOME of the office seekers who are coming home from Washington are bringing something with them. It is malaria.

A MOVEMENT is on foot to establish a fruit cannery at Selma. The extent of the fruit industry in that locality fully justifies the investment.

PADEREWSKI has gone to his home across the deep blue sea, carrying with him 180,000 American dollars and an impression that the American people are mostly women and hysterical cranks.

IF the Geary act is enforced the question of how to provide work for destitute laboring men in San Francisco will be solved so suddenly that the jaw workers' brigade will have serious trouble to explain why they will not work when their services are in demand, for in that event there will be plenty of work for all who want it, and also for those who do not want it.

THREE boys ate a meal in a Chinese restaurant in Kingsburg last Saturday, and on refusing to pay for it were arrested, found guilty and sentenced to five days' imprisonment by the local justice of the peace. This law is an odious piece of class legislation, and it is extremely doubtful if it can be so strained as to apply to a case of this kind with any degree of reason. It looks as though the imprisonment of those boys on that charge is entirely unwarranted and illegal.

EDWARD ATKINSON, the celebrated free trader, has been investigating the question of farm mortgages, and asserted in a recent interview with a New York reporter that western farmers are not so heavily incumbered by obligations as is generally believed by the public. He declares that his investigations have led him to believe that the representatives of the agricultural industry, even in the west, are carrying a less indebtedness than the representatives of almost any other important branch of industry in the country.

A SEASON like the present demonstrates to everyone the value and necessity of irrigation in this state. It also brings prominently to mind the fact that there are yet thousands of acres of fertile land in this county, to which water can be easily and inexpensively applied, which is still left to take the chances of an uncertain rainfall. If rain falls in abundance and when needed it produces a crop; if the rain does not fall in sufficient quantity and at the desired time, it fails to produce and the farmer has lost his year's labor and the expenses attached to putting in a crop. The record shows that the chances of failure are equal to that of success, which leads to the reasonable conclusion that farming without water for irrigation where water can be obtained is the plain result of shiftless and inexcusable lack of enterprise and industry. Not only can all kinds of crops be made certain by irrigation, but their yield can be largely increased even when the season is favorable.

THE Home Market Bulletin calls attention to one of the many instances in which the McKinley law has benefitted the American people. The McKinley law increased the duty on rubber garments. The result has been that American labor has been able almost to drive the products of foreign cheap labor out of the market. They have thus been able to expand their production and reduce cost. The confidence given to the industry by the higher duties has stimulated invention and improvement in processes so that better garments at lower prices are sold to the American people now than ever before. First class men's mackintoshes which cost $35 or $40 under the old tariff now sell for $20. A lady's mackintosh which sold for $8.50 before the increase in rates can now be had for $6.50. One extensive line of these garments which used to retail at $12 each now sells at $5. The producer has been equally benefitted. New hands have found employment, and the old employes are kept more steadily at work. All have earned more money, and of course, have spent more. A great sum has thus been kept at home to promote domestic trade, instead of going abroad to enrich the foreigner. This is the way protection works. It looks out for the American people first, and the foreigner afterward, reversing the free trade theory. Countless other industries have fared like that of making rubber goods.

THERE is a rapidly increasing feeling of shame not unmixed with indignation on the part of all Californians on account of the conclusion that the state has been robbed of a proper exposition of her products at the World's Fair by the dishonesty and inefficiency of those to whom that important enterprise was confided. The Examiner's correspondent has sent to that paper the impression made by the condition of our alleged exhibit upon a couple of prominent visitors from the state, which is not calculated to awaken much hope in the minds of those who have been expecting that order and beauty might shortly rise out of confusion and inferiority. The following are the interviews referred to:

Ex-Senator A. P. Williams took a look around today. Usually the mildest of men, he was ablaze with anger after he had walked around the hall. "It is a shame and a burning disgrace to the state of California," he said hotly. "I am pained and surprised, for though I had read in the Examiner that things were backward, I never dreamt that it was like this."

"You should have seen it a week ago before McMurray came here and woke them up a little."

"It could hardly have been worse than this," replied ex-Senator Williams, "and they do not seem to be making any effort. Why, there are not forty people at work here and there ought to be 400."

Pointing to the decorations of the Ostrich booth, he said "that rubbish ought to be torn down. I shall go to New York tomorrow and stay away until September. I feel ashamed to be seen around here now."

J. M. Litchfield, the railroad commissioner, dropped in today from Maine. He went to the California building and was stopped by a guard who told him he could not enter, as there was nothing to see. He explained who he was and made a tour of the building. "California has lost the chance of the century," was his comment. "I read in one of the San Francisco papers of last Sunday that the exhibits were well advanced and in good shape. How could they write such a falsehood? Here it is a week later and hardly a case of goods opened. Nothing to see but half finished booths and piles of rubbish. I am disgusted. The money the state voted is thrown away so far as I can see."

IT is not possible at the present time to predict with any degree of certainty what the effect of the supreme court decision sustaining the Geary act will be. Under the law as it now stands any Chinaman in the United States who has not registered will be subject to immediate transportation, but it appears that the appropriation made to carry out the provisions of the law is entirely inadequate for the immense contract now on hand, and that very little can be done in the line of transportation on account of the lack of funds. It can be reckoned among the probabilities, therefore, that the registration clause of the law will remain largely inoperative until congress again assembles and provides the necessary funds for its enforcement. It is also believed to be probable that congress will extend the time for registration, thus giving the resident Chinese another opportunity to avail themselves of the privilege which they have generally ignored under the advice that the law would be declared unconstitutional.

While the desirability and importance of ridding the country of the Mongolian race is beyond question, it cannot be denied that their immediate, wholesale deportation would seriously affect certain industries of this coast, and the hardship would fall most severely upon the raisin industry, which would have the greatest difficulty in securing sufficient white labor during the picking and curing season. If the law is permitted to work out its purpose gradually this will not be felt seriously by those engaged in that industry, while the benefit to the general business of the country will be great. The white laborers of the country will be relieved of powerful and injurious competition, and the business and financial interests of the coast will be relieved of the steady drain which results from the Chinese method of buying most of their goods in China and sending their savings to that country. Whatever the immediate results of the decision may be, it is now certain that the law is placed beyond the reach of the administration, and unless it shall be set aside by congressional action, that it will result in solving the problem of Chinese immigration to the satisfaction of the people of this state and the benefit of the country at large.

Summons.

In the Superior Court of the County of Fresno, State of California.

M. Hart, plaintiff, vs. Isaac Ericson, T. A. Ripperdan, James Arnold, J. B. Lankershelm, A. W. Scholle, Mrs. I. Van Nuys, Mrs. A. L. Lankershelm, a widow, T. Stewart White, Thomas Friant and G. W. Dowda, defendants.

Action brought in the Superior Court in and for the County of Fresno, State of California, and the complaint filed in the office of the Clerk of said county.

The people of the State of California send greeting to Isaac Ericson, T. A. Ripperdan, James Arnold, J. B. Lankershelm, A. W. Scholle, Mrs. I. Van Nuys, Mrs. A. L. Lankershelm, a widow, T. Stewart White, Thomas Friant and G. W. Dowda, defendants.

YOU ARE HEREBY REQUIRED TO APPEAR in an action brought against you by the above named plaintiff in the Superior Court in and for the county of Fresno, State of California, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the day of service on you of this summons, if served within this county; or, if served elsewhere, within thirty days.

The said action is brought to obtain the judgment and decree of Court that that certain contract, bearing date February 11th, 1891, by and between the plaintiff and Isaac Ericson, T. A. Ripperdan and James Arnold, be cancelled and annulled; that the defendants be enjoined and debarred from ever asserting any right, title, claim or interest in and to the said contract and the property described therein, which said property is fully described in the complaint of the plaintiff herein, to which you are referred for full particulars; that the plaintiff be let into possession of said property and the defendants and all of them be ousted and ejected therefrom; for his costs of suit and general relief.

Plaintiff alleging that he was on the 14th day of February, 1891, the owner and entitled to the possession of the property described in said contract; that on said day he made and entered into a certain contract to and with the said defendants, Isaac Ericson, T. A. Ripperdan and James Arnold; that the other defendants have or claim to have some interest in or to the same, and that the same is subject to and subsequent to the contract and rights of the plaintiff; that default has been made in the provisions of said contract; that the defendants or some one of them are in possession of said property.

All of which is more fully set out in the complaint on file herein, a copy of which is herewith served, and to which you are hereby specially referred for further particulars.

And you are hereby notified that if you fail to appear and answer the said complaint, as above required, the said plaintiff will cause your default to be entered and apply to the court for the relief prayed for in the complaint.

Given under my hand and the seal of the Superior Court in and for the county of Fresno, state of California, this 19th day of April, in the year of our Lord one thousand eight hundred and ninety three.

Seal. W. A. SHEPHERD, Clerk.
By L. R. WILLIAMS, Deputy Clerk.

More Coyote Scalps.

Yesterday up to 4 o'clock the day's record for coyote scalps was forty-seven, and Stephen Arthur, as he gazed upon the dried mask, was heard to murmur, "Another pettifogger gone!"

When the mantle of Lew Williams fell on Steve's shoulders and the duty of issuing marriage licences was assigned him, he inherited the pseudonym of Cupid, but of late no sooner does the aroma of a high game tanyard float into the court house than he is referred to as "that dodgasted coyote clerk" and consigned to a torrid future.

The scalps are coming in quite rapidly of late and the drain on the state treasury is only equaled by the drain on the coyote supply in adjacent states. Does the coyote howl? The coyote does not howl. The taxpayer howls.

Maloney Getting Well.

Dr. Sponogle states that Jack Maloney is doing finely and stands a good chance of getting well. The wounds are progressing favorably considering their terrible character.

The wound through the body was supposed at the time to have cut the intestines. This proves not to be the case. The liver and right lung were penetrated, but seem to be healing satisfactorily.

The wound through the arm gave the most trouble from the start. The muscles and nerves were lacerated badly, and the proximity of the wound to the blood vessels was the greatest danger.

FOUR POLICEMEN APPOINTED

The Gutter Plaster on Mariposa Street Rotting—No Bicycles Allowed in the Park.

The low state of the city funds was symbolized in the council chamber last night by having only four out of the six incandescent lamps lighted. This left that part of the chamber outside of the railing in a semi-gloom, which masked the anxious features of the 212 applicants for positions on the police force.

All the members of the board were present. Herrington wore his left arm in a sling, he having sprained his wrist about a week ago.

Ex-Trustee Cole came in before the clerk had finished reading the minutes. Mr. Cole was present at the former regular meeting and was present at the meeting last night for the purpose of answering questions if any should be asked him and of inspiring the new council with his presence.

MR. POST'S COW.

J. L. Post informed the board by letter that his cow broke loose from a stake and the poundmaster captured her. He had to pay $2.50 to redeem her. He asked that the city refund him the city's portion of the pound fee, $1.25, he being a poor man. It was so ordered.

The petition of William Betteridge for the removal of the standpipe from in front of his residence to the alley adjoining, was referred to the street superintendent.

THE LA FRANCE ENGINE.

A letter was received from D. D. Hayes, agent of the La France Engine Company, announcing that there will be a delay of a few weeks in delivering the new La France steam fire engine ordered by the trustees. The delay is caused by a defect in the pump casting, and a new casting will be made. Filed.

DAMAGE BY FLOOD.

A communication was read from G. P. Josephian setting forth that by reason of the council having put up an embankment on the north line of Inyo street during the flood his property was damaged and four of his houses were rendered uninhabitable. His property cost him $8400, but had depreciated $3500 by reason of the flood, his total damage being $3850. His property is on lots 22, 23, 24, 25, 26, 27 and 28 in block 79. He asked the board to allow him damages. Referred to the city attorney.

Herrington facetiously asked whether the lots were left.

ENGINEER SHEPARD'S REPORT.

City Engineer Shepard presented the following report on the sewerage system:

To the Honorable Board of Trustees of the city of Fresno, Cal.

Gentlemen: At the request of your chairman, I would respectfully present to you some of the conditions under which the Fresno sewers are operated with some suggestions as to their future care.

The Fresno sewers have now been in operation three and one-half years. That the system is a good one, there is no question but without proper care any system will deteriorate and without economical care, the expense of maintaining will be excessive and burdensome. With a flush bank account, individuals and corporations are given to making outlays beyond the limit of economy or their future good. So with a sewer system having more than one adequate supply of flushing water there is a tendency for those in charge to use water without economy and to the detriment of the sewer.

On December 28th, 1889, the contract with W. S. McMurtry to supply the city of Fresno with two cubic feet of water per second for flushing sewers became operative. Since that time there has been no available record kept of stoppages in the sewers. No record showing what sewers have been dragged, when they were dragged, nor what condition they were in. No record showing the time or frequency of the discharge of the flush tanks nor the amount of water used in flushing.

Had records of the foregoing items been kept they would afford valuable information in basing an estimate as to the amount of water necessary to flush the sewers most economically. But instead the water delivered to the city has been dumped indiscriminately into the sewers, sometimes filling them to overflowing, and the only apparent reason therefor is because they had the water.

In order to have some data of value to assist you in the proper care of the sewers, as well as in future contracts for flushing water, it will be necessary to establish a well regulated system of flushing, record of stoppages, etc.

It is deemed sufficient if a flush tank of 150 gallons discharge once every six hours. With this discharge better results will be obtained than where the sewers are full of water. I would recommend that a system of experiments be begun by regulating all flush tanks so as to discharge once every six hours. If this amount of flushing be found insufficient after a thorough trial it can be gradually increased till the proper amount is obtained. Between now and December 28, 1894, the time of the expiration of the contract for furnishing flush water expires, you could acquire valuable information as to the proper amount of water required and with very beneficial results to the city. If it be sufficient for a 150-gallon tank to discharge once every six hours, one tank would discharge 600 gallons per day, or ten tanks, which is all the city now has, would discharge 6000 gallons per day. Twenty cents per 1000 gallons would be a liberal estimate for water, or $1.20 per day—$438 per year against $4800 now being paid.

Again, if the amount of flushing water be reduced to the minimum, whatever it may be, it will be such a quantity as can be supplied by the water company at a price fixed in accordance with law by the City Trustees, and as the sewers are extended and additional tanks constructed, connection can be made direct with the pipes of the water company, and save the cost of laying additional pipe for sewer flushing.

The communication was referred to the committee on sewers and health.

GRADED STREETS ACCEPTED.

Street Superintendent Bilby reported that he had accepted the grading of F street, from Fresno to Tuolumne street. He announced also that he had accepted the grading of Fresno street, or rather that the street had been accepted on April 24th, but that his predecessor had not so notified the board, and that no ordinance of acceptance had been adopted.

Ex-Street Superintendent Jones stated that he had withdrawn the acceptance upon finding that there were some faults and omissions in the work.

Herrington said that the Catholic priest had complained to him that the culverts required in front of his property had not been put in.

Ex-Trustee Cole explained that the culverts were required by the specification, and that Mr. Shanklin could not collect a dollar on the assessment until the culverts were put in.

Mr. Shanklin explained that there was a culvert on a part of the street that had been graded and accepted several years ago, and that this culvert carried away all of the flood water.

Clerk Shanklin stated that he was an interested party in the contract and that there was a culvert on H and Fresno streets.

Ex-Street Superintendent Jones remarked that if there was a culvert there it was invisible to the naked eye.

"I'll bet you $20 there is a culvert there" retorted Clerk Shanklin "and I'll go down stairs with you now and put up the coin."

Chairman Church called the gentlemen to order. The plans and specifications of the City Council didn't permit of betting within the hallowed precincts of the council chamber.

The streets were formally accepted by the board.

PROTECTING THE CITY PARK.

City Attorney Risley said there was an ordinance in force prohibiting any person from riding a velocipede, bicycle or other vehicle over the walks in the city park or upon any sidewalk in the city or from injuring or defacing the grass plots, plants, shrubs or trees therein.

POLICEMEN'S BONDS.

The question of requiring policemen to give bonds for the faithful performance of their duties came up.

Craycroft could not see why policemen who did not handle any money should be required to give bonds.

The City Attorney suggested an amendment instead of a new ordinance and the City Attorney was instructed to prepare the amendment.

MORE ANTI-BICYCLE LEGISLATION.

City Attorney Risley presented an ordinance making it a misdemeanor for any person to ride a bicycle or drive any other vehicle upon any sidewalk or in any public square within the limits of the city. The ordinance was laid over for two weeks under the rules.

A DEFALCATION COMPROMISED.

Mr. Risley called attention to the appeal case of the city against ex-City Marshal Bartlett to recover $375, alleged to have been embezzled by him. He reported that an offer had been made to compromise the case for $150. It was decided by an unanimous vote to accept the compromise.

ROTTEN GUTTER PLASTER.

Spinney called attention to the fact that the bituminous gutter plaster on Mariposa street was rotting and falling to pieces and exposing the granite blocks beneath. Inasmuch as the contractor had given a two-years' guarantee he should be required to make the necessary repairs.

BIDS FOR STREET WORK.

Bids for grading P street from Fresno to Tulare street were received as follows: J. T. Robinson, $650; A. R. Brooks, $595; C. K. Renfro and Zeigler, $649. The contract was awarded to A. R. Brooks, because he was the lowest bidder.

COST OF THE PARK.

City Clerk Shanklin in obedience to a resolution passed at a former meeting, read the following statement as to the cost of the city park: Bitumen walks, $1939.45; supplies, $282.53; labor, $1525.42. Total, $3747.40.

THE STATE OF THE FUNDS.

After the bills allowed last night are paid, the funds will stand as follows: General fund cash on hand, $5943.50; street fund overdrawn, $1048.55; library fund, $3443.00.

JUSTICE CRICHTON'S BILL.

Ex-City Attorney George B. Graham reported that the claim of Justice of the Peace Crichton for $24 costs against the city in the bank assessment cases was legal and could be enforced. The council thereupon allowed the bill.

THE FIRE DEPARTMENT.

Ex-City Attorney Graham was given permission to address the board with reference to the fire department of this city. He gave a brief history of the department for the past two years. It was a good department, then, he said. Each company was satisfied with the others and with the chief of the department. There had been some friction between the duties of the chief of the fire department and the fire marshal, and it was suggested to the old council that they should create the office of chief of the fire department. As soon as that was done it was asserted by some people and by the press that it was a movement to make a political machine out of the department. He had always believed that the volunteer firemen ought to have the right to select the chief of the fire department.

He said that a part of the volunteer fire department of this city had turned out at the last fire and they were abused, ignored and insulted. He hoped that the board would put an end to such abuses.

Church—The complaint is that men now outside of the department are ignored by the department. Is that it?

"Yes sir," replied Mr. Graham.

Mr. Graham suggested that the matter should be referred to the appropriate committee, who should take steps to reorganize the fire department. Firemen are entitled to certain rights and privileges, and these firemen do not want to be shut out. They don't care under what chief they work.

Mr. Graham said that he had a memorial to present to the board. It was a resolution adopted by the firemen.

"Then" remarked Mr. Church "if any fire department or anybody else have any reports to make of any business or of any election of officers, they should file those reports with the clerk of the board to come up in their regular order.

A CHEEKY PROPOSITION.

Whereupon, Mr. Graham handed Clerk Shanklin the following remarkable document, which for cold blooded audacity, beats the record. It is cool enough to put out a hay fire:

At a meeting of the volunteer fire companies of the city of Fresno, held on May 13, 1893, at the city hall in said city, the following preambles and resolutions were unanimously adopted:

Whereas, on May 7, 1892, Timothy Walton was by the board of trustees of the city of Fresno, appointed chief of the fire department of the city of Fresno, and

Whereas, Immediately thereafter a number of the officers and members of the volunteer fire companies refused to perform further active service as such firemen, and

Whereas, A large number of said firemen remained in active service, elected officers to fill places made vacant by the withdrawal of said members who refused to perform further active service and recruited the ranks depleted by said refusals and withdrawals from active service of said members and thereby continued the organization of active firemen of said city, which said organization has ever since been and now is an active organization of volunteer firemen of said city; and

Whereas, It has been the rule of said Board of Trustees, established by resolution, still in full force, that the said board should appoint to the office of chief of the fire department of said city and his assistants such persons as the active volunteer fire companies should recommend therefor to said board; therefore be it

Resolved by said volunteer fire department in joint meeting assembled, That G. H. Walley is the choice of said volunteer fire department, and that J. W. Slayton is the choice for the office of first assistant chief, and J. D. Jones is their choice for second assistant chief, and that said G. H. Walley, J. W. Slayton and J. D. Jones be and they are hereby recommended to said board for said offices respectively and their appointment thereto requested.

We hereby certify that the foregoing resolution and preamble is a true copy of the resolution and preamble passed by the volunteer fire companies May 13, 1893. J. D. JONES, President pro tem.
S. D. ERTER, secretary pro tem.

LAID ON THE TABLE.

The memorial from the Triangle firemen was read by the president.

Spinney moved and Craycroft seconded that it be laid on the table, and the motion was unanimously carried.

FROM THE SOUTHERN PACIFIC COMPANY.

Craycroft presented an ordinance prohibiting hotel runners, hackmen, tamale peddlers and peanut and popcorn vendors from encroaching upon the railroad reservation.

The ordinance was referred to the city attorney.

Spinney remarked that he thought the railroad company was asking a little too much.

S. S. CRUTCHER RELIEVED.

On motion of Craycroft the services of S. S. Crutcher as a police officer, etc., were dispensed with after the last day of the month.

Mr. Craycroft nominated W. M. Cardwell in place of Crutcher. Marshal Morgan had promised to appoint him as clerk of the police headquarters.

Mr. Cardwell is a member of the People's Party, and ran on that ticket for sheriff last fall.

City Marshal Morgan said that he would appoint Mr. Cardwell to the position held now by Mr. Crutcher.

T. P. MERNIN APPOINTED.

Craycroft moved that Thomas P. Mernin be appointed a policeman to take the place of A. N. Grady on June 1st. Carried unanimously.

SMITH LET GO.

Adams moved that the position of Policeman W. S. Smith be declared vacant. Carried, Spinney voting no.

Adams nominated Clark Woods for the vacancy. Carried unanimously.

PATTERSON GOES.

On motion of Craycroft the position of Policeman L. H. Patterson was unanimously declared vacant. In his place Craycroft nominated Gus Anderson.

Spinney nominated Anton George.

ANDERSON ELECTED.

A ballot was taken with the following result: Anderson 4, George 1.

Mr. Anderson was declared elected.

THE GUTTER PLASTER.

Spinney moved that the contractor for the gutter plaster be required to repair the plaster on Mariposa street where it is crumbling to pieces.

Ex-Trustee Cole said that the contractor had guaranteed to keep the plaster in repair for two years.

The matter was referred to the street committee.

Adjourned until June 5th.

VINCENT DOOMED.

His Last Hope to Escape Vanishes.

HOW HE RECEIVED THE NEWS

The United States Supreme Court Has no Jurisdiction in the Case.

Yesterday afternoon information was received that the supreme court of the United States had dismissed the appeals of McNulty and Vincent for want of jurisdiction.

Each of the defendants had been convicted of murder and condemned to be hung. Before the sentence was put into execution, the legislature, by enactment, changed the place of executions from the county jails of any county to the states prison at San Quentin.

Having exhausted all other appeals the issue was made that the sentence of the court and the exactment of the legislature were in direct conflict, the courts having sentenced each of them to be executed in the county jail, and therefore they could not be executed in either place.

As soon as the decision was known, Sheriff Scott prepared to put the usual death watch on Vincent. He was not informed of the adverse decision until a change of clothing had been procured, but the fact that the evening papers had not been given him had evidently given him some premonition of his fate.

"Where's my paper?" he asked a deputy sheriff through the bars. He was exceedingly nervous, and his tone was even more anxious than his looks.

"Come out, Doc!" said Sheriff Scott as he threw the door of the cell open, "I've a new suit of clothes for you."

Vincent stepped out into the hall, and when told to change his apparel proceeded to do so without asking any questions. In fact he seemed to calm down, and to have nothing on his mind except the changing of his raiment. However, it was noticed that his mind was so occupied that he paid no attention to the tags fastened on his clothing.

I've got very bad news for you, Doc, said the Sheriff.

"Yes," said Vincent.

He was then told that the supreme court had dismissed his appeal, and that every avenue of escape was closed to him. He made no reply.

The Sheriff then made an examination of his person, explaining as he examined between his toes that he had to look for poisons and said:

"You don't want to kill yourself, Doc, do you?"

"Not that way. You can bet money on me."

"How shall I bet it, Doc?"

"That I don't hang" he remarked in an absent-minded manner.

During this conversation he was busy putting on his new socks and underclothing. Having completed the change he was placed in a new cell. When asked if he had anything to say with regard to the decision he said that at present he had not.

His nervousness by this time had disappeared, and he stated that he had not heard from Carroll Cook who was to wire him as soon as a decision was reached. His attorneys now are Henry Hogan of Napa and Carroll Cook of San Francisco, now in Washington city.

He seemed to regret what he had said to the sheriff about betting that he would not hang, and said he expected a communication from Carroll Cook soon.

There was nothing of bravado in the prisoner's manner, but he seemed thoroughly possessed of a belief that he will not hang.

A BIG JOB.

Revenue Agent Conger to Arrest 6000 Chinese.

J. W. Conger, internal revenue collector, estimates the Chinese population of this city at 3000. In his whole district, which includes several counties, he registered only 200 Chinese out of a population of about 6000.

He was asked yesterday what he proposed to do, now that the Geary act had been declared constitutional, and he replied that he was awaiting orders from headquarters.

Mr. Conger admitted that it would be a pretty large contract to arrest 6000 Chinese and deport them, but he was willing to tackle the job as soon as the orders came.

LEDERER-ABEL.

The Wedding of Two Fresno People Celebrated.

On Sunday afternoon at the residence of L. T. Toomey, in this city, Lawrence Lederer and Miss Caroline Abel were married, City Recorder Clark performing the ceremony.

The groom has lived in Fresno for a number of years, the bride but a year or so.

The friends present at the wedding were Mrs. Johnson, Mr. and Mrs. J. C. Worth, Miss Cora Worth, Mr. and Mrs. L. F. Vaughan, Major Ward Bradford, Mr. and Mrs. William Kuhlman, Misses Pauline and Helen Brutsch, Master Charles Brutsch, Mr. and Mrs. L. T. Toomey, Miss Maggie Kennedy, Mr. and Mrs. J. H. Brookman, Mr. and Mrs. Emil Abel, Miss Amelia Abel, Masters Charles and Lou Abel.

After the ceremonials the wedding party were invited to the wedding feast. They will reside in Fresno.

SUPERVISORS' PROCEEDINGS

Bids for Building the Sequoia Mills Road Opened.

The Board of Supervisors had in consideration yesterday the bills presented for guarding the jail during the Sontag and Evans scare. They were continued until next Monday.

The matter of admissions to the county hospital was discussed and it was the opinion of the board that the duty devolved upon the county physician.

Dr. Maupin was in conference with the board on the matter, and was not only willing to perform the service, but felt that it was necessary in order that patients afflicted with contagious diseases should not be introduced into the general hospital. The board coincided with Dr. Maupin's views.

The matter of the petitions for a road across part of Tarpey's ranch and another on Dry creek were continued until June 7th.

The bids for constructing the road from Mill creek to Sequoia mills heretofore advertised for were opened and read as follows:

E. Manley	$13,000 00
Smith Comstock	15,000 00
J. McDougald	12,500 00
F. Stevens	19,146 25

The bids were all in due form, and the board passed the matter to 2 o'clock today, when the matter will be taken up and decided.

About this stage of the proceedings Supervisor Jake Myer announced that he would not be in attendance at that time as he had a previous engagement over in Madera county, and that he was going over to see if he couldn't make his absence permanent.

A SEARCH WARRANT

For a Pistol Mr. Brulport Believed to be His.

W. Brulport, while passing along Tulare street in the Chinese quarters the other day, saw a pistol in the show window of a watchmaker named Fagan. He identified, or believed that he identified the weapon as his own, and he thereupon proceeded to Justice Crichton's court and told his story to Justice of the Peace Lane, who issued a search warrant.

The pistol was brought into court and evidence was taken to determine its ownership. Brulport testified that the pistol was stolen from him on or about April 10th. Fagan, who said that his true name was A. F. Connard, swore that he had been in possession of the weapon for two months.

The court thereupon decided that the pistol was the property of Connard alias Fagan.

FRESNO

MONTEREY & FRESNO R.R.

CONTRACT FOR THE ENTIRE LINE HAS BEEN LET.

Permanent Location Being Made So As to Break Ground in June.

C. L. Walters, one of the stockholders in the Monterey & Fresno railroad came up from Monterey last night and states that the work of locating the survey of the line permanently and placing right of way and grade stakes permanently is in progress.

It has been heretofore stated that the contract for building the first ten miles of the line had been let. It appears, however, that the entire line has been contracted for.

The terms of the contract call for the completion of the line to Salinas by the first of November, and to Hollister by the first of February next. The entire line is to be completed by the time specified in the prospectus of the road.

At the dates set above, the road is not only to be graded and track laid, but it is to be equipped and in operation.

The breaking of ground will be made and duly celebrated about two weeks hence, from which time the construction of the road is to be pushed as fast as possible.

COURTESIES APPRECIATED.

Wawona Division of Uniform Rank of K. of P. Complimented.

At the regular drill of Wawona Division of Uniform Rank of Knights of Pythias last night the following resolutions, engrossed and framed, were presented:

"Armory Artillery Company, Third Brigade, N.G.C.

"Fresno, Cal., May 9, 1893.

"We, the undersigned committee appointed to draft resolutions of thanks to Wawona Division Uniform Rank K. of P., do submit the following:

"Whereas, The members of this company were most hospitably entertained at Camp Crichton on the San Joaquin river on May 7, 1893, and desiring to show an appreciation of the same, do resolve that this company extend to Wawona Division Uniform Rank K. of P. a vote of thanks for the kind and courteous treatment received at their hands on that occasion.

"That a copy of this resolution, properly engrossed, be furnished said Wawona Division.

"SERGEANT J. D. JONES,
"SERGEANT G. M. BOLES,
"PRIVATE G. S. CALQUHOUN,
"Committee.

"I hereby certify that the resolutions, of which the above is a copy, were unanimously adopted by the Artillery Company at its regular meeting, held May 9, 1893. G. M. BOLES,
"Company clerk, Artillery Company, Third Brigade, N.G.C."

Wawona Division accepted the resolutions thus tendered and on motion a hearty vote of thanks was extended to the artillery company for their complimentary services on the occasion referred to.

RAY CRANK.

Terrible Fall of a Former Resident of Fresno.

The little 3-year-old son of W. S. Crank had a wonderful escape from instant death or at least permanent injury, last Saturday. He climbed through an open window onto the roof of the dining-room, which is 22 feet above the floor, and it is supposed he sat down on the skylight, it being raised only a few inches above the floor. Be that as it may, the occupants of the dining-room were horrified to see him fall to the floor with a sickening thud.

He was picked up at once and a physician was summoned. Strange as it may seem no bones were broken, and scarcely a scratch could be found. Fears were entertained that he had been internally injured, especially as he was taken with vomiting, but Tuesday he was running around with no apparent trouble except a soreness in one arm and shoulder. The skylight is ground glass, and the child says, "If it wasn't painted he would not have fallen through." Little Ray is an exceedingly bright and lively little fellow, and his remarkable escape from serious injury, will be received with pleasure by many friends of the boy and his parents.—Ventura Press.

AN UNPAID MEAL.

Three Boys Imprisoned for a Six Bit Debt.

Henry Hutchinson, William Hutchinson and C. L. Hood, boys, went from Fresno to Kingsburg last Saturday. After seeing the sights they entered a Chinese restaurant and ordered the best in the house at 25 cents a meal.

As they were passing out of the door the Chinese caterer demanded pay for the meals.

"Have you registered in compliance with the Geary act?" asked one of them.

"No shabbee. You pay. Two bittee piece. Wha foah? You too muchee foolee," replied the Chinaman.

"Then if you haven't registered," explained the boy, "you have no right to be in this country, and having no right to be here, you are not legally here; therefore, how can we owe you?"

The boy spoke like a high school senator, but he did not belong to that sapient body.

The Chinaman yelled for help, and Constable Morgan arrested the boys on a charge of beating a board bill. They were taken before Justice of the Peace Shannon, and were fined $5 each, with the alternative of five days' imprisonment in the county jail. Not having the money, they were taken to jail yesterday morning by Constable Morgan.

EVANS AND SONTAG.

THEY ATE DINNER AT THE SEQUOIA MILLS.

And Declared That They Intended to Kill Will Smith When They Stopped the Stage.

J. Coffey, in whose house on Sampson Flats occurred the memorable interview between Petey Bigelow and Sontag and Evans, was in town last night with another story about the outlaws.

A few days ago they made their appearance in the dining room of the Sequoia mills. Each had a double barreled shot gun, and coolly sat down to the table and laid their guns across the table convenient to their right hands.

After they ate their dinners they paid for them and leisurely strolled about the mills, conversing freely with the men.

They said that they had received a tip from some one whose identity they refused to disclose, to the effect that Will Smith, the railroad detective, was to travel on the stage that they stopped. That was the reason they intercepted the stage. If they had found Will Smith there they would have killed him.

"We have it in for some of those detectives," they added.

After remaining about the mills an hour and a half they went away.

KINGSBURG.

Fresno Boys Defrauded a Chinaman.

Special Correspondence to The Republican.

KINGSBURG, May 15. — Three boys from Fresno, the eldest of whom was 19 years, took dinner at Lop Kee's restaurant on Saturday and refused to pay the bill. The indignant Lop sought redress through the law. Each of the boys was sentenced to five days in jail by Judge Shannon.

The school closed on Friday after a very successful term's work. The result of the examinations was very satisfactory, few failing to be promoted.

The friends of Mrs. Peakes gave her a very pleasant surprise on Saturday evening at the residence of her mother, Mrs. Draper. Mrs. Peakes left for Santa Cruz on Sunday night.

S. C. Lillis and family returned from Chicago on Saturday evening's train.

On Sunday evening at the residence of Judge Shannon, Rev. Z. P. Millington united in marriage Hayden Payne of Tulare and Clara E. Hacker of Stockton.

PETRIFACTIONS.

HOW THEY ARE MANUFACTURED IN FRESNO.

Press Bozeman's Fossil Foundry in Full Blast Near Selma—Live Models.

C. J. Stilwell of the EXAMINER has been investigating the Bozeman-Lemon petrifaction factory near Selma. Norah Bozeman, a daughter of "Press" Bozeman was interviewed by Mr. Stilwell with the following result as detailed in the Examiner:

"My father," she said, innocently, "has been making these things for nearly three years. The first one was the Packwood man, and six or seven fine ones have been turned out since."

"When was the last one made?"

"Only a few months ago," said Norah, warming to the subject, "and, oh, so much like Mamie, that when it was finished you could almost swear it was she—it was perfect from head to foot."

"Who is Mamie?"

"Mamie! oh, Mamie is my brother Tom's wife. She is in San Francisco now."

"What is her age?"

"She is 23 years old!"

"Any other women?"

"Oh, yes, several. About a year ago Miss Myrtle Raymer was brought here from San Francisco. She made a splendid model, I can tell you."

"Did you ever serve as a model?"

"No." She said this sharply, and a shiver ran through her ample frame.

"None of the Bozemans have been in the clay—except Tom's wife. Father has often asked me to do it, as it would be cheaper, you know, but I never would."

"Why?"

"Well, I've heard the girls who have served say that they didn't like the experience; but"—she looked up and hesitated for a moment—"if you want me I will be the model for your figure—or," she added, as though she imagined she should not have said this—"or if you like I will get a lady friend here from Sanger. She is only 16, but she is a fine figure and anxious to serve."

The reporter drew up the contract for Bozeman's signature, the contract to be signed when a deposit on the purchase money shall have been paid:

Selma, May 6, 1893.

I hereby promise that when paid twenty-five hundred ($2500) dollars, coin of the United States, I will deliver on board the cars of the Southern Pacific railway at Traver, Cal., properly boxed for safe transit to Chicago, Ill., as slow freight, one stone of petrified woman, to be so cast as to apparently be the petrified remains of a member of the race of ancient mound builders of Central America; petrifactions of ancient ornaments to be carefully executed, originals to be supplied to me in advance of commencement of work, and the figure to be discovered as though in good faith in the Coast range of mountains and under circumstances likely to give rise to press reports favorable to the story that it is a genuine petrifaction.

As for Mrs. Mamie Bozeman, her beautiful form is now doing duty in the state of Missouri. About the first day of last month a man by the name of J. J. Colwell suddenly left Selma. At the same time there disappeared a long, heavy box which Bozeman had deposited in the freight shed. This contained a cold and stony fac simile of Mamie Bozeman. What became of it may be learned from the following paragraph taken from the Optic News of Wellsville, Mo., of April 20th:

J. J. Colwell of Fresno county, Cal., had on exhibition at this place Monday and Tuesday a petrified woman, a perfect woman turned to rock. She was found by gold hunters in the mountains of Fresno county, and is certainly one of the most wonderful curiosities of the age. Mr. Colwell will take it to the World's Fair.

The Limits of Human Hearing.

We can do a great deal to cultivate the ear, but we can do nothing to extend the range of sounds which the tympanum can receive. The ear may have great keenness of perception, may hear sounds extremely small, distant and faint, and yet be always deaf to any noise, however loud, if it is lower or higher in pitch than the tympanum is made for. Various experiments show that about the lowest, or what in a musical instrument would be called the deepest bass sound, consists of 14½ undulations in the second, and the highest of rather more than 6,000. Human ears have not all the same compass. A party of young people, all with excellent hearing, may go into the meadows, and some will hear the shrill note of the common grasshopper, and some will not hear it even faintly, but simply hear nothing at all.

Dr. Wollaston believed that "human hearing never extends more than a note or two above the cry of the common Gryllus campestris." He gives a scale of sound which he found to be inaudible to some ears. He found that some people could not hear the cry of the bat, nor the chirping of sparrows, which is four octaves above F in the middle of the pianoforte. Not to be able to hear this last note he considers to be very rare. He believes the whole range of human hearing to be compressed between the deepest notes of the organ and the highest cries of the insects, including fully nine octaves, the whole of which are distinctly audible to most ears.—New York Home Journal.

THE PLAY.

Why It Did Not Set the Town Afire Last Night.

Mrs. Florence and "The Mighty Dollar" were not greeted with many dollars at the Barton last night. Mrs. Florence is passee and her clothes, alleged to have been made by Felix of Paris, are out of style instead of being out of sight, and greatly disappointed the ladies who were just dying to see what kind of a dress Felix could make.

It takes a genius to play "Bardwell Slote." Mr. Coveny, who tried to play it last night, is not a genius. The play was not satisfactory, being in the language of the unregistered Chinaman, "Too muchee talkee; talkee alle time."

Worries of Letter Writing.

Of course you never had important letters ready to mail and went down town without them? Or did you take the letters and carry them around all day and bear them safely home with you at night? Did you ever post a letter that you would have given almost anything to recall after it had passed out of your reach? You never delayed to seal your letter until you were outside the house and then found that the envelope wouldn't stick or needed a stamp beyond anything, when there was none to be had?—Boston Commonwealth.

The Effect of Early Training.

Recently a young woman came to this city from a town about two hour's ride from New York to study. In the examination that she was required to pass, she was told to name some of the principal English authors. She did so, omitting Shakespeare for the reason, as she stated to a friend, "that she might offend the teachers by putting in the name of a man who had written plays for the aters."—New York Sun.

A Persistent Dog.

Mother—Horrors! Where did you get that dog?

Young Hopeful—He followed me home.

"Hum! Why did you coax him?"

"I didn't coax him. I threw things at him, but he would come anyhow."

"That's strange. What did you throw?"

"A lot of hard, ugly old bones the butcher gave me."—Good News.

RICHARD MANSFIELD

At the Barton, Monday Evening, May 22d.

There has long been keen anticipation concerning the local engagement of Richard Mansfield, who is announced to appear at the Barton opera house on Monday evening.

Mr. Mansfield holds a unique and commanding position upon the American stage. Foremost for grade of skill, and artistic skill as a producer. He is a man of versatile attainments, fine literary skill and a great producer of new plays. The public now has the fullest confidence in anything that Mr. Mansfield produces, and wherever he appears he is greeted with immense audiences. There will be an elaborate illustration of Mr. Mansfield's skill in the play selected for his appearance. On Monday evening he will present "A Parisian Romance," in which he appears as Baron Chevrail. Mr. Mansfield will be supported by his stock company, so long associated with him, and the play will be costumed and mounted precisely the same as in the large cities. Seats will be placed on sale today.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

The Pale White Light of Death.

Those who have admired the phosphorescent glow of certain species of crustacea will be interested to learn that a startling discovery respecting it has been made. Formerly it was supposed that such creatures emitted the light of their own accord, and that they used it in a variety of ways. It is now known that the light is a disease as deadly to the infected individuals as cobra poisoning is to the human species. M. Girard has traced phosphorescent light in talitrus and other crustaceans to exceedingly minute bacteria in the muscles. On inoculating healthy specimens with glowing bacteria, the same luminous appearance was transmitted. He also notes that the disease runs a regular course, and that those infected die within four days, the phosphorescence lasting but a short while after death.—St. Louis Republic.

What is claimed to be the largest freight car ever built was turned out at Altoona, Pa., a few days ago. It is to carry the 124-ton cannon Krupp is making for exhibition at Chicago from Baltimore to Chicago.

The Free Treatment

Examination, Advice and Treatment Free Until Cured.

HOTEL HUGHES, FRESNO

— FROM —

May 15th to 20th.

As there are many sufferers in Fresno and vicinity who are unable to visit the San Francisco Institute, who desire treatment, and so many letters have been received asking for treatment by mail, that it has been deemed advisable to visit Fresno to give those who desire such examination, advice and treatment as may be indicated in each individual case for one week FREE OF CHARGE, thus giving sufferers from all chronic diseases personal attention and all the advantages of this new system that has produced such marvelous cures in San Francisco and vicinity.

Although the expense will be several thousand dollars, we know that the large number that we shall treat, the cures will be so varied, and the good we shall accomplish will cover so large a field, that the advertisement will be double what could be obtained by the expenditure in any other way. We also desire to call attention to our well equipped institute. All we ask in return is for each patient to report to their sick friends the benefit obtained by this truly wonderful system.

The scientific knowledge of these specialists of symptomatology, pathology, materia medica and mental therapeutics enables them to understand, locate and historize disease in its incipiency, progress and termination, and to prescribe the proper remedies necessary for a perfect and permanent cure. Our medicines (mostly imported) are pure, safe and free from mineral poisions, and are prepared under the direct supervision of Dr. Bryant, and will be furnished at cost.

Not only will the patient be surprised at their wonderful knowledge of disease, their plain, concise explanation of every cause and effect, but the rapidity with which they relieve and cure the most obstinate cases by the Bryant system. It is this system that has robbed the surgeon's knife of so many fatal operations in cases of tumors, cancers and other abnormal growths.

A WORD TO WOMEN

You who have suffered long and severely by the barbaric use of the speculum, caustic, pessaries, rings and other instruments of torture, also bitter and nauseous compounds, will welcome a system of treatment which speedily and permanently cures diseases of women without the use of these cruel and unnecessary methods.

TO MEN

Those who desire special treatment, also those who have doctored much with no results, are invited to call and investigate our new system, which positively and permanently cures all cases taken for treatment.
